Fraga Affidavit ¶11; ECF No.49-1.

SETTLEMENT WEBSITE AND TOLL-FREE HELPLINE

6.   GCG established and continues to maintain a Settlement website (www.nevsunresourcessettlement.com), a toll-free telephone helpline ((844) 322-8214) dedicated to the Settlement to assist potential Class Members, and a Settlement P.O. Box for the receipt of claim forms and correspondence. The Settlement website and telephone helpline enable Class Members to obtain information about the Settlement and provide access to important dates relevant to the Settlement, including the exclusion, objection and claim filing deadlines, provide access to important documents relevant to the Settlement, including the Notice and the Proof of Claim, and permit the viewing and downloading of those key documents.

PROCEDURES FOLLOWED IN PROCESSING CLAIMS

7.   Under the terms of the Stipulation and as set forth in the Notice, each Class Member who wished to be eligible to receive a distribution from the Net Settlement Fund was required to complete and submit a properly executed Proof of Claim. Class Members seeking to share in the Net Settlement Fund were directed in the Notice to submit their Proofs of Claim to:

In re Nevsun Resources Securities Litigation
c/o GCG
PO Box 10073
Dublin, OH 43017-6673

8.   Before claims processing commenced, GCG created a database dedicated to this Settlement by customizing its proprietary database management software to accommodate the specifics of this Settlement, which included developing various computer programs and screens for entry of Class Members' identifying and transactional information and developing a proprietary "calculation module" that would calculate Recognized Loss Amounts pursuant to the Court-approved Plan of Allocation set forth in the Notice. In addition, GCG trained its staff in

3

the specifics of the Settlement so that Proofs of Claim are properly processed and formulated a system so that telephone inquiries are properly handled.

9. GCG sorted incoming mail into Proofs of Claim and administrative mail.[3] Claim Packets that were returned by the Post Office as undeliverable were reviewed for updated addresses on a rolling basis using the U.S. Postal Service National Change of Address ("NCOA") database and, where available, new addresses were entered into the database and Claim Packets were mailed to the updated addresses. Administrative mail was reviewed and, where necessary, appropriate responses were provided to the senders.

Processing Paper Proofs of Claim

10. Of the 2,056 Proofs of Claim received through July 30, 2015, 490 were paper claims. Once received, paper Proofs of Claim were opened and prepared for scanning. This process included unfolding documents, removing staples, copying non-conforming sized documents, sorting documents, and, where claimant identification information was not provided on the Proof of Claim, copying and attaching the envelope with the return address to the file. This manual task of preparing the paper Proofs of Claim is laborious and time-intensive. Once prepared, paper Proofs of Claim were scanned into a database together with all submitted documentation. Subsequently, each Proof of Claim was assigned a unique Proof of Claim number if it did not already have a pre-assigned Proof of Claim number. Once scanned, the information from each Proof of Claim, including the name, address, and the last four digits of the taxpayer identification number or the social security number of the claimant, and the claimant's

---

[3] Administrative mail includes all mail other than Proofs of Claim and supporting documentation and responses to notices of partial or entire rejection of the claim (*e.g.,* requests for Proof of Claim forms, notification of change of address, questions regarding the administration process or the status of the administration).

purchase transactions, sale transactions, and holdings listed on the Proof of Claim, was entered into a database developed by GCG to process Proofs of Claim submitted for the Settlement. Next, the information provided by each claimant in support of his, her, or its Proof of Claim was reviewed to determine whether the claimant had in fact purchased or sold Nevsun common stock during the period from March 28, 2011 to February 6, 2012 on the New York Stock Exchange or other U.S. trading platform, inclusive (the "Class Period"). Proofs of Claim were then reviewed to be sure they were not submitted by any Excluded Class Member.[4]

11. In order to process the transactions detailed in the Proofs of Claim, GCG utilized dozens of internal Proof of Claim codes (also known as "message codes") to identify and classify Proofs of Claim and any deficient or ineligible conditions that existed within those Proofs of Claim. The appropriate message codes were assigned to the Proofs of Claim as they were processed. For example, where a Proof of Claim was submitted by a claimant who did not have *any* eligible purchases or sales of Nevsun common stock during the Class Period (*e.g.*, the claimant only purchased or sold Nevsun common stock before or after the Class Period), that Proof of Claim received a "Proof of Claim-level" message code that denoted ineligibility. Similar "Proof of Claim-level" ineligible message codes were used to denote other ineligible conditions, such as duplicate Proofs of Claim. These message codes indicated to GCG that the claimant is not eligible to receive any payment from the Net Settlement Fund with respect to that claim unless the deficiency is cured.

---

[4] Excluded from the Class were: (i) Defendants; (ii) any parent or subsidiary of Nevsun; (iii) any present or former director or officer of Nevsun; (iv) any legal representatives, heirs, successors and assigns, and members of the Immediate Family of each Individual Defendant; (v) any firm, trust, corporation or other entity in which any Defendant has or had a majority ownership interest, except for any Investment Vehicle; and (vi) those persons or entities who exclude themselves by filing a request for exclusion in accordance with the requirements set forth in the Notice.

12.   Because a Proof of Claim may be deficient only in part, but otherwise acceptable, GCG also utilized message codes that are only applied to specific transactions within a Proof of Claim. For example, if a claimant submitted a Proof of Claim with supporting documentation for all but one purchase transaction, that one transaction received a "transaction-level" message code. That message code indicated that the one transaction was deficient, but that the claim was otherwise eligible for payment if other transactions in the Proof of Claim calculated to a Recognized Loss Amount according to the Court-approved Plan of Allocation. Thus, even if the transaction-level deficiency was never cured, the claim would still be paid in part.

Processing Electronic Claims

13.   Of the 2,056 Proofs of Claim received through July 30, 2015, 1,566 were filed electronically ("Electronic Claims") with the assistance of GCG's dedicated electronic filing operations team (the "Electronic Filing Team"). Electronic Claims are typically submitted by institutional investors who may have hundreds or thousands of transactions during the Class Period. Rather than provide reams of paper requiring data entry, the institutional investors filing Electronic Claims either mail a computer disc or email a file to GCG so that GCG may electronically upload all transactions to its proprietary database developed for the Settlement.

14.   In addition to the dedicated team that assists institutional investors, GCG developed a website where registered institutional investors can file and monitor claims in any securities settlement that GCG administers, including this one. The site – GCG ICE™ (U.S. Patent No. 8,272,052) – is a GCG developed, patented platform that is hosted on a secure site.

15.   The Electronic Filing Team coordinates and supervises the receipt and handling of all Electronic Claims. In this case, as in all other claims administrations, the Electronic Filing Team reviewed and analyzed each electronic file to ensure that it was formatted in accordance

with GCG's required format, and to identify any potential data issues or inconsistencies within the file or ineligible securities (*i.e.*, securities that are not included in the class definition). If any issues or inconsistencies arose, GCG immediately notified the sender. If the electronic file was deemed to be in an acceptable format, it was then forwarded to GCG's programming staff with detailed loading instructions including the number of claims and transaction totals that the institution provided when it sent the electronic file.

16. After the electronic file was loaded, GCG's Quality Assurance ("QA") personnel reviewed the electronic file to confirm that the number of claims and transactions matched the information provided by the filer. The Electronic Filing Team then sent an email notification to the filer that included a spreadsheet with the claim numbers and respective account and address information for each claim. In this email, the filer was also notified of any discrepancies in the data.

17. Once all counts were confirmed, the Electronic Claims were coded in the same manner as manually processed Proofs of Claim with messages to identify and classify Electronic Claims and any deficient or ineligible conditions that existed within them. These message codes are the same as those applied to manually filed Proofs of Claim; however, the process in applying codes differs from the process used for paper Proofs of Claim. Rather than manually applying message codes, the Electronic Filing Team performed programmatic reviews of Electronic Claims to identify deficient and ineligible conditions (such as, but not limited to, the price falls outside of the range of trading price history on any given day, out of balance conditions, and transactions outside the Class Period). The appropriate message codes were then assigned programmatically once the output of the reviews was thoroughly analyzed and confirmed as accurate.

18.   The review process also included flagging any Electronic Claims that were not accompanied by the following: (i) a signed Proof of Claim, which serves as a "Master Proof of Claim Form" for all accounts referenced on the electronic file submitted; (ii) an electronic filing summary sheet; (iii) supporting documentation, such as a signed or notarized letter on company letterhead attesting to the truth and accuracy of the data on the electronic file, trade confirmations, and/or brokerage account statements; (iv) a notarized affidavit, corporate resolution or corporate by-laws verifying that the individual who executed the Proof of Claim and submitted the electronic file is an authorized signatory of his/her company with the authority to file such information; and (v) documentation to demonstrate the authority to file on behalf of the claimant. This portion of the review process was also reviewed by GCG's QA personnel, who worked in conjunction with the Electronic Filing Team to contact the institutional filers whose electronic files were missing information. This process ensures that only fully completed Proofs of Claim, submitted by a properly authorized representative of the claimants, are considered eligible for payment from the Net Settlement Fund.

19.   At the end of the process, GCG performed various audits of Electronic Claims. For instance, GCG reached out to a number of electronic filers and requested that various sample transactions selected by GCG be documented by providing confirmation slips or other transaction-specific supporting documentation. This random sampling helps to ensure that electronic data supplied by claimants did not contain inaccurate information. GCG performed this final check on a variety of electronic files randomly selected, as well as on the electronic files with the largest claims.

THE DEFICIENCY PROCESS

20.   Many of the Proofs of Claim submitted were incomplete, not signed, not properly documented, or were otherwise deficient. Much of GCG's efforts in handling an administration involve claimant communications so that all claimants have sufficient opportunity to cure any deficiencies and file a complete Proof of Claim. The "Deficiency Process," which involved letters and emails to claimants, and inbound and outbound calls to claimants, is intended to assist claimants in properly completing their otherwise deficient submissions so that they would be eligible to participate in the Settlement. As a result of this process, a number of claimants, excluding those who submitted Proofs of Claim with incurable deficiencies (*e.g.*, claims that lack any purchases during the Class Period, claims not purchased on the New York Stock Exchange or other U.S. trading platform, or claims that have no Recognized Loss Amount under the Plan of Allocation), are now eligible to participate in the Settlement.

21.   As described above, GCG established internal claim codes to identify and classify Proofs of Claim and conditions that existed within them. If a Proof of Claim was determined to be wholly deficient (for example, if the Proof of Claim was missing documentation for the entire claim, if the claimant did not sign the claim form or did not provide enough information to calculate the claim, or if the claim was determined to have no Recognized Loss Amount when calculated under the Court-approved Plan of Allocation), GCG mailed a letter entitled "Notice of Rejection of Your Entire Claim" ("Rejection Letter"). The Rejection Letter both described to the claimant the defects in his, her or its claim and what, if anything, was necessary to cure the claim. The Rejection Letter advised the claimant that submission of the appropriate information and/or documentary evidence to complete the Proof of Claim within 20 days from the date of the

letter was required, or the claim would be recommended for rejection in its entirety. GCG mailed (or e-mailed in the case of Electronic Claims) a Rejection Letter in connection with approximately 1,185 Proofs of Claim during the administration of the Settlement.

22.   If a claim was determined to be partially deficient (for example, if the claimant was missing documentation for some transactions, or did not supply some transactional information), GCG mailed a letter entitled "Notice of Rejection of Part of Your Claim" ("Partial Rejection Letter"). The Partial Rejection Letter described to the claimant the defect(s) in his, her or its claim and what was necessary to complete the claim. The Partial Rejection Letter also provided a 20-day window to complete the claim. GCG mailed (or emailed in the case of Electronic Claims) a Partial Rejection Letter in connection with approximately 21 Proofs of Claim.

23.   Claimants' responses to Rejection Letters and Partial Rejection Letters were scanned into GCG's database and associated with the related Proofs of Claim. Those responses were then carefully reviewed and evaluated by GCG's team of processors. If a claimant's response corrected the defect(s), GCG updated the database manually to reflect the change(s) in status of the claim.

24.   Attached hereto as Exhibit A are copies of the Rejection Letter and Partial Rejection Letter used to notify claimants of the rejection of their claims in part or in their entirety.

QUALITY ASSURANCE, FRAUD PREVENTION AND REGULATORY COMPLIANCE

25.   An integral part of all of GCG's settlement administrations is our QA review. GCG's QA personnel worked throughout the administration process to ensure that Proofs of Claim were processed properly; that deficiency and ineligibility message codes were properly

10

applied to Proofs of Claim; that deficiency letters were mailed to the appropriate claimants; and that GCG's computer programs were operating properly. In addition, GCG's QA team conducted duplicate claim searches (by beneficial owner name and Recognized Loss Amount) and duplicate transaction searches (which compared duplicate transactions within the same Proof of Claim and other Proofs of Claim).

26. GCG's QA team performed a final project wrap-up in order to ensure correctness and completeness of all processed claims prior to preparing our summary reports to Lead Counsel. Here, in connection with this project, GCG: (i) determined that valid claims have no messages denoting ineligibility; (ii) determined that claims that are ineligible have messages denoting ineligibility; (iii) determined that claims that contained purchases that occurred outside of the Class Period contain appropriate ineligible messages; (iv) determined that claim detail (transaction) message(s) appear(s) only on claim detail records; (v) determined that all claims requiring Rejection Letters were sent such letters; (vi) performed a sample review of deficient claims; (vii) performed a sample review of claims with large dollar losses; (viii) sampled claims that were determined to be ineligible, including those with no Recognized Loss Amount calculated in accordance with the Plan of Allocation, in order to verify that all transactions had been captured correctly; and (ix) tested the accuracy of the calculation program.

27. In support of the work described above, GCG's computer staff designed and implemented, and the QA team tested, the following programs for this administration: (i) data entry screens that store Proof of Claim information (including all transactional data included on each Proof of Claim) and attach message codes and, where necessary, text to denote conditions existing within the Proof of Claim; (ii) programs to load and analyze transactional data submitted electronically for all Electronic Claims (the load program converts the data submitted into the

format required by the calculation program, and the analysis program determines if the data is consistent and complete and triggers a response to the electronic filer where appropriate); (iii) a program to compare the claimed transaction prices against the reported market prices to confirm that the claimed transactions were within an acceptable range of the reported market prices; (iv) a calculation program to analyze the transactional data for all Proofs of Claim, and calculate each claimant's Recognized Loss Amount based on the Plan of Allocation; (v) programs to generate various reports throughout and at the conclusion of the administration, including lists of all eligible and ineligible Proofs of Claim; and (vi) programs that calculate each Authorized Claimant's distribution amount by determining the proration factor for the Settlement, and applying it to each Claimant's Recognized Loss Amount as calculated above.

28. GCG also used a variety of fraud protection controls throughout the administration process to identify potential fraudulent Proofs of Claim, including high value reviews, spot reviews and other standard audit reports that examined the information in a variety of ways.

29. GCG reviewed and compared the entire database for this Settlement against the "watch list" of known potential fraudulent filers that GCG developed throughout its thirty years of experience as a claims administrator. GCG works closely with the FBI to update that watch list with the latest information available.

30. In accordance with the Office of Foreign Asset Control regulations and guidelines, known as OFAC, GCG will perform searches on certain payments that it will issue to identify any potential payees whose names appear on the federal government's restricted person's list or who reside in countries to which payments are prohibited. GCG regularly monitors changes to OFAC regulations and guidelines.

CLAIMS DETERMINATION

31.   The postmark deadline for filing a Proof of Claim was January 22, 2015. As of July 30, 2015, GCG has received a total of 2,056 Proofs of Claim. Of the 2,056 claims received by GCG, 1,999 of the claims were submitted timely and 57 of the claims were postmarked after the relevant submission deadline, of which a total of 274 claims (261 timely and 13 untimely) have been provisionally accepted. All eligible claims, whether timely filed or late, are included in the list of Authorized Claimants for this Court's consideration.

32.   Submitted herewith as Exhibit B is a list of all the claims filed herein. Exhibit B-1 lists all Authorized Claimants who filed timely claims and their Recognized Loss Amounts in claim number order ("Timely Authorized Claimants"). Exhibit B-2 lists all Authorized Claimants who submitted their claims late and their Recognized Loss Amounts in claim number order ("Late But Otherwise Authorized Claimants"). Exhibit B-3 lists all the rejected or ineligible claims and the reasons for rejection in claim number order ("Rejected or Ineligible Claimants"). For privacy reasons, these lists provide only claim numbers and Recognized Loss Amounts or reasons for rejection (no names, addresses or Taxpayer I.D. numbers are disclosed).

33.   GCG has accepted 274 claims representing a total Recognized Loss Amount of $5,753,432.12 (including $5,536,665.88 from timely claims and $216,766.24 from late claims). According to the Plan of Allocation, each Authorized Claimant shall be allocated a *pro rata* share of the Net Settlement Fund based on his, her, or its Recognized Loss Amount as compared to the total Recognized Loss Amount of all Authorized Claimants. Upon approval by the Court, GCG will prepare and mail checks (or wire transfers where applicable) to all Authorized Claimants for their *pro rata* share of the Net Settlement Fund.

34.   A total of 1,782 claims were rejected or ineligible for the following reasons:

No. of Claims	Reason for Rejection
1,321	Claim Did Not Fit the Definition of the Class
8	Duplicate Claim[5]
137	Deficient Claim Never Cured
316	Claim Did Not Result in a Recognized Loss Amount
1,782	**Total Claims Rejected**

The 1,782 Rejected or Ineligible claims are listed in Exhibit B-3. GCG recommends that all such claims should be rejected finally by the Court. As discussed above, GCG sent each of the 1,782 claimants a Rejection Letter.

DISTRIBUTION OF THE NET SETTLEMENT FUND

35.   Should the Court concur with GCG's recommendations and determinations herein, GCG recommends the following Distribution Plan and will undertake the following tasks: calculate the *pro rata* distribution amounts from the Net Settlement Fund by comparing the Authorized Claimants' Recognized Loss Amounts to the total Recognized Loss Amounts of all the eligible claimants then to the total dollar value of the Net Settlement Fund at the time of distribution; prepare checks and check registers, and mail checks by prepaid first class mail; issue replacement checks upon request by payee; and answer inquiries about claim calculation and checks.

36.   GCG will conduct an immediate distribution (the "Initial Distribution") of the Net Settlement Fund.

---

[5] GCG has confirmed that each of these duplicate claims is an exact match to a claim that has either been included in the list of Authorized Claims or Rejected or Ineligible Claims.

37.   GCG understands that all procedures performed with respect to the distribution of the Net Settlement Fund in connection with the validity of the Proofs of Claim submitted are subject to the supervision and direction of Lead Counsel and the Court.

38.   To carry out such orders as the Court may issue with respect to the allocation and distribution of the Net Settlement Fund to Authorized Claimants, GCG will first coordinate with Lead Counsel to determine the amount remaining in the Net Settlement Fund after all fees and expenses authorized by this Court have been paid. Next, GCG will calculate the *pro rata* distribution amount for each Authorized Claimant.

39.   Once the *pro rata* distribution amounts are determined for each Authorized Claimant, entitlement reports will be run and reviewed to determine who is eligible to receive a distribution from the Net Settlement Fund and in what amount. Next, a check generation report will be run, and compared to the entitlement report. If the results are different, the items on the report will be compared and the errors corrected. Check files will be reviewed and compared to the entitlement report prior to printing checks. All check files have footer records that indicate the total number of checks and the total dollar amount of the checks. The footer records will be checked against the entitlement report totals and also against the sum of the detail record check amounts in the actual file. Once each of these quality assurance tests are performed and confirmed, checks will be printed.

40.   GCG will then prepare checks for the distribution and registers of such distributions, and send the payments by prepaid first class mail,[6] after the list of Authorized Claimants is compared to GCG's internal list of claimants who have been identified as

---

[6] GCG will honor requests for electronic transfers to the best of its ability.

potentially fraudulent filers. Finally, GCG will issue replacement payments for distributions upon request by payee, and will respond to inquiries about distribution amounts and Recognized Loss Amount calculations.

41.   Based on our years of experience, we know that not all of the checks distributed to Authorized Claimants will be cashed promptly. In order to encourage Authorized Claimants to promptly cash their distributions and to avoid or reduce future expenses relating to unpaid distributions, all of the distribution checks will bear a notation "CASH PROMPTLY, VOID AND SUBJECT TO RE-DISTRIBUTION IF NOT CASHED WITHIN 120 DAYS AFTER ISSUE DATE."

42.   Authorized Claimants who do not cash their distribution checks within the time allotted will irrevocably forfeit all recovery from the Settlement. The funds allocated to all such stale-dated checks are subject to re-distribution.

43.   In order to allow the full and final distribution of the Net Settlement Fund, it is necessary to bar any further claims received after July 30, 2015, from eligibility in the distribution of the Net Settlement Fund beyond the amount allocated to Authorized Claimants and to provide that all persons involved in the review, verification, calculation, tabulation, or any other aspect of the processing of the Proofs of Claim submitted after July 30, 2015, or otherwise involved in the administration or taxation of the Settlement Fund or the Net Settlement Fund be released and discharged from any and all claims arising out of such involvement. Unless directed otherwise, GCG will continue to receive, review and process any correspondence or information submitted by Authorized Claimants with respect to their Proofs of Claim filed on or before July 30, 2015. Should GCG receive adjustments to Proofs of Claim prior to distribution of the Net

Settlement Fund, GCG will update our claims database with the new information. GCG will then report the updated totals to Class Counsel immediately prior to distribution.

FEES AND DISBURSEMENTS

44.   GCG agreed to be the Claims Administrator in exchange for payment of its fees and expenses. Class Counsel received reports of all of the work GCG performed with respect to the administration of the Settlement, and authorized all of the claims administration work performed herein. Attached hereto as Exhibit C is a copy of GCG's invoice for its work performed on behalf of the Class through June 30, 2015, as well as GCG's estimate of fees and expenses to conduct the distribution of the Net Settlement Fund. GCG's invoices are separated into two sections: a "Fees" section and a "Project Expenses" section, which lists those items for which GCG is seeking to recoup its costs, including postage and nominee fees. Accordingly, there is an outstanding balance of $169,586.33 payable to GCG, which amount includes GCG's anticipated fees and expenses for the Initial Distribution.[7]

RECORDS RETENTION AND DESTRUCTION

45.   Unless otherwise ordered by the Court, one year after the Initial Distribution, GCG will destroy the paper copies of the Proofs of Claim and all supporting documentation, and three years after the Initial Distribution it will destroy electronic copies of the same.

CONCLUSION

46.   GCG respectfully requests that the Court enter an Order approving its administrative determinations accepting and rejecting the Proofs of Claim received on or before July 30, 2015 and approving the proposed Distribution Plan. GCG further respectfully requests
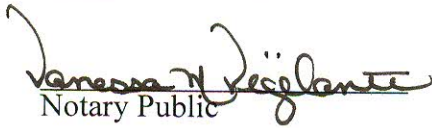

---

[7] Should the estimate of fees and expenses to conduct the distribution exceed the actual cost to conduct the distribution, the excess shall be returned to the Settlement Fund and will be available for any subsequent distributions of the Settlement Fund to Authorized Claimants.

that the balance of its fees and expenses, as reflected on the invoice attached hereto as Exhibit C, should be approved for payment from the Settlement Fund.

_____

PROBLEM(S) WITH YOUR CLAIM:

PROBLEM WITH YOUR CLAIM:

YOUR CLAIM IS MISSING INFORMATION AND/OR APPROPRIATE SUPPORTING DOCUMENTATION FOR CERTAIN TRANSACTIONS. The specific transactions at issue are listed in the chart below. The part of the chart that is blank indicates where information is missing.

Transaction	Security	Trade date	Number of Shares	Price Per Share	Net Amount
Purchases	Common Stock	09/22/2011	100.00	5.89	589.60
Purchases	Common Stock	10/27/2011	200.00	5.36	1,073.20
Unsold Holdings	Common Stock	05/04/2012	200.00	XXX	XXX

HOW TO FIX YOUR CLAIM:

If there is a blank space in information about the transaction(s) listed above, you must (1) return this letter, (2) fill in the blank spaces above with the missing information (if there is an "XXX" but no blank space, then that information is not needed), **and** (3) attach appropriate supporting documentation, such as periodic brokerage statements or broker's trade confirmations (handwritten or self-generated information is <u>not</u> acceptable) showing the transaction(s) listed above. If no information for the transaction(s) listed above is missing, then you need only return this letter **along with** appropriate supporting documentation.

If you do not intend to supply additional information/documentation, and you still disagree with the determination, you may request Court review of the determination. To request Court review, you must send a letter to the claims administrator within twenty (20) days of the date of this letter and it must: (1) specifically state that you "request that the Court review the rejection of your claim," (2) state your ground(s) for contesting the rejection, (3) attach any supporting documents you may have to support your argument, and (4) be signed. Please also include a copy of this letter when requesting Court review of the rejection of your claim. Your claim and its administrative rejection will be presented to the Court for review.
